2019 ford mustang 5.0 convertible for sale

If you're wanting to hit the open road in an American built automobile, but don't want to spend of ton of money for the experience, consider purchasing a used Ford Mustang.The Price of Buying NewThere's no American muscle car quite like the Ford Mustang, the nation's first and foremost authority on speed and style. When it was first introduced in the 1960s, the price tag was \$2,300. There have been over ten generations created since that very first one. Today, with more bells and whistles now available to consumers, the base price of a new Ford Mustang stands at around \$30,000. When you add in special option packages, the price of a new Mustang can easily top \$40,000.Buying a Used MustangWhether you choose the coupe or the convertible version of the Ford Mustang, you are sure to make an entrance everywhere you go. When you purchase a used Ford Mustang, you are likely to get a great deal on a piece of Americana — a fast and stylish muscle car. Some consumers like the look of the classic, unadorned shape of the original model, while others prefer the body modifications found in later generations of Mustangs. These buyers want to buy used in order to ride in the vehicles from earlier times in America. Other buyers love the latest models, but don't want to spend the money of buying new.A Brief History of the Ford MustangNearly 10 million Mustangs have been sold since the line debuted at the New York World's Fair in 1964. The Mustang was aimed at younger buyers and was marketed as being priced under \$2,500 and weighing less than 2,500 pounds. This didn't make for a very exciting tag line, but the new sports car was an enormous hit, selling 22,000 units on its opening day. Even more surprising was that fact that one million cars were sold in the Mustang's first two years on the market. How Much Does a Used Mustang Cost?There are many factors that go into the price of a used Mustang, such as the year of the car, the condition that it's in and the number of miles on it. The Kelly Blue Book, which you can find online or as a hard copy, is a great reference to see what's a fair price for the vehicle you're looking to purchase.Final ThoughtsThe Ford Mustang is undoubtedly a great American car. It has a style and cache not seen in any other brand of automobile. Purchasing a used Mustang allows you to hearken back to days gone by or to get a great deal on the new models of this generation. Recently I dealt with Paul P., as I contacted him to get advice & info: he deals with used car buy-back. Paul was very helpful, personable, and knowledgeable. I really appreciated his taking his time to talk with me & give me such great assistance. I recommend all aspects of Rizza Ford, from buying, to service, to selling! 2019 Ford Mustang GT Premium review The Car is everything I was looking for, and the price was fair. The problem was with the pick up of my vehicle. The cashier who I first saw to pick up my vehicle had to clear her desk of food she was snacking on. The customer service person was rude and the porter who finally brought my vehicle had a foul mouth. I have been patronizing this dealership through the last three owners and have to say this was my worst experience. 2019 Ford Mustang EcoBoost Premium review The BULLITT is fast, fun to drive and there is no better color than highland green. As a female, no matter how many times I have bought a car-I always feel dread and uncomfortable going into a car dealership. Often I have felt talked down to, and just end up leaving. I instantly felt a different vibe when I walked into this dealership; everyone was friendly but not over the top and pushy like most places. Joe was incredibly knowledgeable, approachable, friendly and NOT pushy in any way. He listened to what we were looking for, and was willing to make as many phone calls and follow ups as needed to help us find the used car we were looking for. He followed through on everything he said he was going to do--which is so rare these days. My husband and I 100% trust Joe, he is a man of integrity and a man of his word. We will definitely be going back when we have to replace our other vehicle. You won't be dissappointed going to this dealership! 2019 Ford Mustang Bullitt review my husband always wanted a mustang. Lots of leg room... convertible top... cold air... little on the small side for trunk space... fun car to ride on the beach with and just bring back when you were younger and wanted the fast and furious fill. Not only was the body work done to perfection, Jose Trujillo oversaw important mechanical needs not caused by the fender accident. These were found by the mechanics, which they also addressed to perfection. My 13 year old car runs like new and I feel safe and secure driving it. When I got the car back, I saw a tiny GM emblem was not replaced on the new fender. Joe Rodriguez saw to getting it taken care of immediately. On top of it all, Jose Trujillo, Joe Rodriguez and the mechanics of Cadillac got me back on the road within my short time frame. Everyone at Naperville Cadillac deserves an A++ for such great service.
